

TIMEX® IRONMAN* HIGH TITANIUM

The TIMEX® IRONMAN* High Titanium (Hi-Ti™) 75 LapWatch for women features titanium, a metal that is as strong as steel but 45% lighter, hypoallergenic, corrosion resistant and flexible. The watch offers customizable options. The dot-matrix display system allows the user to decide how information should be prioritized and displayed. Multiple visual options are available. Maximum visibility in all conditions is assured by the inclusion of INDIGLO® nightlight with NIGHT-MODE® feature. Available in stores across Canada including select department and sport specialty retailers. For more information, call 1-800-263-0981 or visit www.timex.ca.

V2 MAX PLUS REFORMER

The V2 Max Plus Reformer provides facilities and trainers with a complete system, including specialized programming. Offering restriction-free movement and limitless programming possibilities, the adjustable pulley system alters pull direction while the retractable rope system provides precise rope-length adjustability. The all-in-one equipment system facilitates hundreds of standard reformer exercises, including cardio-based plyometrics, and then quickly converts to utilize the secondary pulleys to add dozens more. For more information, visit www.stottpilates.com.

GRIFFIN TECHNOLOGY INC

Griffin Technology Inc. introduces Streamline, a sport armband for iPods. Features include a clear, full-face screen protector that safeguards the face of your iPod from scratches and smudges without restricting visual access, reflective trim that makes you more visible to traffic and a two-way adjustable band that fits any arm. The lightweight, ultra-slim, low-profile design and breathable, washable material and comfortable fit keeps your iPod or iPod Nano always handy but never in the way. Available at retailers and online at www.griffintechology.com.
